The Honorable William Webster
Director
Central Intelligence Agency
Washington, D.C. 20502

Dear Judge Webster:

I am writing to express my appreciation for the hospitality of the Central Intelligence Agency as reflected in the work of [redacted] and [redacted] in arranging and carrying out the briefing sessions for Senior Business Officials attending Brookings Seminars. They do a splendid job as hostesses for these sessions and their work, coupled with the outstanding presentations of the CIA officials, make a lasting impression on the participants.

Thanks again for your support.

Cordially,

Warren I. Cikins
